Modilaunches 5G; Airtel steals a march over Jio

The PM added, "India may not have benefitted from the first three industrial revolutions, but will not only take full benefit of the fourth industrial revolution, it will also lead it." The Prime Minister said his government's vision for Digital India was founded on four pillars — the cost of devices, digital connectivity, data cost and a digital-first approach. This approach has led to mobilemanufacturing units in the country increasing from just two in 2014 to over 200 now, bringing down the cost of handsets, he said. Modi underlined the fact that in India's data tariffs are the lowest in the world from ₹300 per GB in 2014, to less than ₹10 per GB at present. Going by the average consumption of 14 GB data per month, the data cost has come down from ₹4,200 to ₹125-150, he said. From zero exports, the country is now shipping phones worth crores of rupees. Also, digital payments have increased, he pointed out, saying technology has truly become democratised.

wide 4G proliferation and forced us to catch up fast, and today Airtel will become the first to launch the 5G services," Mittal said at the India Mobile Congress. As is known, Jio had in September 2016 made an entry into the telecom sector, offering free voice calls and dirt-cheap data, forcing the competition to eithermatch or fold up/consolidate. Both Jio and Airtel had earlier announced that their 5G services would be launched by Diwali and by 2023-end, the entire country would be covered, so the latter launching services on Saturday came as a surprise. On his part, Reliance Industries chairman Mukesh Ambani once again promised affordable 5G services."Today, I want to reiterate Jio's commitment to deliver 5G to every town, every taluka, and every tehsil of our country by December 2023,"he said. Vodafone Idea is the only operator which on Saturday did not give any timeline for the launch of its 5G services, but only said it will soon begin the 5G roll-out journey. "We will leverage our strong Bharti Airtel beating presence in rural India, our Reliance Jio in the launch of this enterprise customers, our tech high-speed service came as a partners, and global experience surprise. Bharti Enterprises of Vodafone Group for progreschairman Sunil Bharti Mittal sively rolling out our 5G net-

work and services in the coming

period," Aditya Birla Group

done to Jio what the latter did to

them on 4G."We had started 4G

in India, but Mukesh's Jio gave

tremendous speed to country-

chairman Kumar Mangalam Birla said. Ambani said most of Jio's 5G is developed in India, and hence carries the stamp of Atmanirbhar Bharat. He added that 5G and 5G-enabled digital solutions can bring affordable and high-quality education and skill development within the reach of common Indians.

"By bringing AI into every domain, 5G can power India's emergence as the world's intelligence capital. This will help India become a major exporter of high-value digital solutions and services," he said, adding all these will trigger a huge explosion of entrepreneurship in the country, which, in turn, will attract even larger investments and create millions of new jobs. "It will not be an exaggeration to say that 5G is like a Digital Kamadhenu, the heavenly cow that grants whatever we desire," he said."Today is an important day for the country since it is the start of a new era. I believe that the start of this era during the 75th anniversary of Azadi ki Amrit Mahotsav will bring in newawareness, new energy and open up a lot of new opportunities for citizens in India," Mittal said while talking about the scope of 5G services. "We are proud and lucky to have a leader who understands technology in detail. I usually meet several people in the world. While a lot of leaders appreciate technology, understanding it in detail and using it for the country's added. Mittal said 5G services would spawn several use cases, 1,000 more entrepreneurs and dozens of unicorns in the coming years. On his part, Birla said, "We have 240 million people connected to our networks with 50% of them in rural India. Our networks have been constantly upgraded to be capable of swift and smooth migration to 5G. Having taken concrete steps for 5G ecosystem development, 5G use case for Indian enterprises and consumers and acquisition of 5G spectrum in welldesigned auction, we will soon

begin the 5G roll-out journey."

He said critical policy interven-

tions by the government in the

telecom space had boosted

investor confidence, and hoped

progress, I don't think anyone

can do it like PM Modi," he

that the sector will continue to receive policy support. After the launch of the services by the PM, the three major telecom operators demonstrated one use case each to show the potential of 5G technology in India. Jio connected a teacher from a school in Mumbai with students in three different locations in Maharashtra, Gujarat and Odisha. This demonstrated how 5G will facilitate education by bringing teachers closer to students. It demonstrated the power of Augmented Reality (AR) on screen and how that is being used to teach children across the coun-

try, remotely, without the need

of an AR device. Modi interacted with schoolchildren in the demo case, asking them about their favourite subject and how the use of technology has helped in learning. The Vodafone Idea test case demonstrated the safety of workers in an under-construction tunnel of Delhi Metro through the creation of a 'digital twin' of the tunnel on the dais. The digital twin will help give safety alerts to workers in realtime from a remote location. Modi interacted with Delhi Lt Governor VK Saxena as well as the workers in the tunnel. In the Bharti Airtel demo, a girl from Uttar Pradesh witnessed a lively and immersive education experience to learn about the solar system with the help of virtual reality and augmented reality. The girl shared her experience of learning with the PM by appearing on the dais through a hologram.

More banks raise MCLR, deposit rates post RBI policy

However, with a rising interest rate and higher credit growth cycle, banks are also increasing their deposit rates, which is ultimately reflected in their cost of funds. State Bank of India (SBI), HDFC Bank and Kotak Mahindra Bank increased foreign currency non-resident (bank) deposit rates.

SBI has raised FCNR(B) rates by 90 bps to 3.85% for one-year tenure, while Kotak Mahindra Bank and HDFC Bank FCNR (B) deposit rates are at 4.05% and 4.15%, respectively. The hike in FCNR (B) comes after the interest rate hike by the US Federal Reserve, which will also result in an increase in global deposit rates, which has resulted in Indian banks increasing FCNR (B) rates to attract more flow of foreign currency in the country. The RBI has liberalised interest rates on FCNR deposits and the window to raise such deposits is open till October 31. Some banks have immediately increased their domestic deposit rates after the RBI policy decision. Private sector lenders Axis Bank increased domestic term deposit rates on deposits of up to ₹5 crore and one-year maturity by 40 bps to 6.50%, but has kept deposits of up to ₹2 crore in the same maturity bucket unchanged.

Sept GST receipts at close to ₹1.48 trn

However, the tax numbers

for August released by the Controller General of Accounts (CGA) on Thursday showed early signs of a plateauing of the higher revenue buoyancy, seen since the latter half of last financial year. The Centre's gross (post-refunds) overall tax collections for August stood at ₹1.51 trillion, down 8% from the yearago month. Corporation tax, personal income tax, excise duty, customs duty and Central GST saw a year-on-year decline in collections in August 2022, as the benefit of the low base effect ceased to exist. The finance min-September GST collections: "The government has settled ₹31,880 crore to CGST and

₹27,403 crore to SGST from IGST as regular settlement. The total revenue of Centre and the states after regular settlements in the month of September 2022 is ₹57,151 crore for CGST and ₹59,216 crore for the SGST." The revenues for September 2022 are 26% higher than the GST revenues in the same month last year. During the month, revenues from import of goods were 39% higher on year and the revenues from domestic transaction (including import of services) were up 22%. MS Mani, partner at Deloitte India, said: "The collections in the next three months are expected to be even more robust due to the higher consumption expected during the festive season and the mandatory e-invoice protocol for taxpayers having turnover above ₹10 crore from October 1. The state-wise data reflects the good growth in collections across key states with many large states demonstrating an above 20% increase in collections compared to the last year."

Diwali a month early for Motown

The company added that it saw 11-12% increase in bookings during the Navratri period this year, compared to the same period last year."The downward revision in GDP growth, hike in repo rate and increase in CNG prices are some headwinds that we are watchful of. These will take some months to show effect,"Srivastava added.Korean car brand Hyundai, India's second biggest carmaker, clocked a istry said on Saturday about the 50% growth in sales at 49,700 units during September, over the same month last year. & service), Hyundai Motor India said,"The festive season has further fuelled the demand momentum. The Creta has seen an increase of 36% in bookings for September over last year. We are making all efforts to delight customers with improved deliveries during this auspicious period." Tata Motors held on to its third position with domestic sales of 47,654 units during September, a growth of 85% over the same month last year Shailesh Chandra, managing director, Tata Motors Passenger Vehicles and Tata Passenger Electric Mobility, said, "PVs witnessed strong demand during Q2FY23, fuelled by the festive season and new launches. Going forward, we expect the festive season will witness strong retails on the back of improving supply of vehicles." While the top three MSIL, Hyundai and Tata Motors — which control 70% of the domestic car market, saw a robust growth, the balance, which is shared between Kia Toyota, Honda, Mahindra & Mahindra (M&M), Volkswagen Skoda, Nissan and MG Motor has also witnessed strong growth volumes. M&M will release its sales numbers on Monday. In the two-wheeler segment, Hero MotoCorp, the country's largest two-wheeler maker, saw a marginal rise in dispatches during September. The company clocked domestic sales of 507,690 units, a rise of 0.44% compared to the same month last year. Chennai-based TVS Motor Company saw its domestic sales grow by 16.3% to 283,878 units against the

Can't let IBC lose its sheen, says FM

same month last year.

In such a situation, early detection of stress and its timely resolution would be of help to these companies. The minister highlighted the tepid response to the pre-packaged scheme for MSMEs, under which only the debtor gets to trigger its own bankruptcy process. Approved in July last year, it was supposed to yield faster resolution, cost less and reduce litigation often triggered by defaulting promoters to retain control of their firms. Only two firms so far have reportedly applied for this scheme. "I still find that the wings that are so necessary for the bird (pre-packaged scheme) to fly are still not there. The scheme has still not taken off (at the desired manner)," she said. "I want all, including myself, to remain conscious of the fact that we can't afford to let the IBC lose its sheen. What ever it takes for all of us to keep it as sparkling as it was when it was brought in (should be done)," she said. Analysts have mostly blamed the bottlenecks at the NCLT system (which contributed to late admission of insolvency cases) and the delay in the resolution of stress (often due to litigations) for the poor recovery. Speaking at the same event, NCLT president chief justice (retd) Ramalingam Sudhakar said the tribunal has disposed of insolvency cases involving an amount of

The amount pertains to cases filed by financial and operational creditors as well as those done voluntarily for resolution under the IBC. He said IBBI has been trying to reduce delays in the resolution process.

cases of force majeure, banking strike or similar circumstances, our Company may, in consultation with the BRLM, for reasons to be recorded in writing, extend the Bid / Offer Period for a minimum of three Working Days, subject to the Bid/ Offer Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Offer Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a public notice, and also by indicating the change on the website of the BRLM and at the terminals of the Syndicate Member(s) and by intimation to the Designated Intermediaries and the Sponsor Bank, as applicable.

This is an Offer in terms of Rule 19(2)(b) of the SCRR, read with Regulation 31 of the SEBI ICDR Regulations. The Offer is being made through the Book Building Process in terms of Regulation 6 (1) of the SEBI ICDR Regulations, wherein not more than 50% of the Offer shall be available for allocation on a proportionate basis to Qualified Institutional Buyers ("QIBs and such portion, the "QIB Portion"), provided that our Company, in consultation with the BRLM, may allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis ("Anchor Investor Portion"), out of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is made to Anchor Investors ("Anchor Investor Allocation Price"), in accordance with the SEBI ICDR Regulations. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the Net QIB Portion. Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the Net QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received from them at or above the Offer Price. However, if the aggregate demand from Mutual Funds is less than 5% of the Net QIB Portion, the balance Equity Shares available for allocation in the Mutual Fund Portion will be added to the remaining Net QIB Portion for proportionate allocation to QIBs. Further, not less than 15% of the Offer shall be available for allocation to Non-Institutional Bidders ("Non-Institutional Portion") (of which one third of the Non-Institutional Portion shall be reserved for Bidders with an application size between ₹ 0.20 million up to ₹ 1 million and two-thirds of the Non-Institutional Portion shall be reserved for Bidders with an application size exceeding i1 million) and undersubscription in either of these two sub-categories of Non-Institutional Portion may be allocated to Bidders in the other subcategory of Non-Institutional Portion, subject to valid Bids being received at or above the Offer Price and not less than 35% of the Offer shall be available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received from them at or above the Offer Price. All potential Bidders (except Anchor Investors) are mandatorily required to participate in the Offer through the Application Supported by Blocked Amount ("ASBA") process by providing details of their respective ASBA accounts and UPI ID in case of UPI Bidders using the UPI Mechanism, as applicable, pursuant to which their corresponding Bid Amount will be blocked by the Self Certified Syndicate Banks ("SCSBs") or by the Sponsor Bank under the UPI Mechanism, as the case may be, to the extent of the respective Bid Amounts. Anchor Investors are not permitted to participate in the Offer through the ASBA Process. For further details, see "Offer Procedure" on page 444 of the

This public announcement is made in compliance with the provisions of Regulation 26(2) of the SEBI ICDR Regulations to inform the public that the Company is proposing, subject to applicable statutory and regulatory requirements, receipt of requisite approvals, market conditions and other considerations, to undertake an initial public offering of its Equity Shares and has filed the Draft Red Herring Prospectus ("DRHP") dated September 29, 2022 with SEBI on September 30, 2022.

Pursuant to Regulation 26(1) of the SEBI ICDR Regulations, the DRHP filed with SEBI shall be made available to public for comments, if any, for period of at least 21 days, from the date of such filing by hosting it on the website of SEBI at www.sebi.gov.in, websites of the stock exchanges i.e. BSE at www.bseindia.com and NSE at www.nseindia.com and the website of the BRLM, i.e. Motilal Oswal Investment Advisors Limited at www.motilaloswalgroup.com. Our Company invites the members of the public to give their comments on DRHP filled with SEBI with respect to disclosures made therein. The members of the public are requested to send a copy of their comments to SEBI, to the Company Secretary and Compliance Officer of our Company and/or the BRLM at their respective addresses mentioned below. All comments must be received by SEBI and/or our Company and/or the BRLM and/or the Company Secretary and Compliance Officer on or before 5:00 p.m. on the 21st day from the aforesaid date of filing the DRHP with SEBI.

Investments in equity and equity-related securities involve a degree of risk and investors should not invest any funds in the Offer unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, investors must rely on their own examination of our Company and the Offer, including the risks involved. The Equity Shares in the Offer have not been recommended or approved by SEBI, nor does SEBI guarantee the accuracy or adequacy of the contents of the DRHP. Specific attention of the investors is invited to "Risk Factors" on page 31 of the DRHP. Any decision to invest in the Equity Shares described in the DRHP may only be made after the Red Herring Prospectus has been filed with the RoC and must be made solely on the basis of such Red

The Equity Shares, once offered through the Red Herring Prospectus, are proposed to be listed on the Stock Exchanges.
